

BAYOMETRIC

The Biometric Solution Provider

BayLock 1500 Waterproof Access Control

BayLock 1500 Fingerprint Access Control System Time & Attendance is an ideal fingerprint device for remote locations which have internet or LAN connections for communicating to the server.

It stores fingerprint data, employee details, time and attendance logs on the device itself. Administrators can connect to this device from a central server using LAN/TCP/IP and download employee attendance log. Records can be transferred on a USB memory stick and transferred to the main server for viewing attendance reports.

SALIENT FEATURES

Supports TCP/IP, USB Stick, Wifi
